

Journeys Health Clinic

at the Voyager Resort

Specializing in Senior Care

Recognizing that it is difficult for guests to find medical care in a city other than their “home town”, Voyager has had a Wellness Clinic on site for many years. Staffed by Registered Nurses, they offered basic medical services to our residents.

The Journey’s Health Clinic is open on Tuesday and Thursday from 8:30 to 2:00 and Wednesday by appointment only.

Beginning 1998, our clinic expanded its services to include a Nurse Practitioner and Registered Nurse.

Currently Journey’s Health Clinic provides complete primary and same-day care to Voyager Residents and visitors as well as older adults in our community.

Whether you are here for a day, a month or year-round, our clinic is here to take care of your health care needs.

Our Clinic is set up as a “fee for service” clinic, with all charges based on the Medicare fee schedule. We are a certified Medicare Provider Clinic, and accept a variety of other insurance reimbursements. For Medicare-eligible patients, our third party billing company, Old Pueblo Billing, will bill Medicare. All patients will be responsible for any portion not covered by Medicare or supplemental insurance. Please check with our staff with any questions about insurance coverage.

Services available in our clinic include, but are not limited to:

- Blood Pressure and Weight Monitoring
- Nutrition Counseling
- Laboratory Services
- Nurse-Administered Injection Program
- Coumadin Monitoring Program
- Initial and follow-up visits with our Nurse Practitioner
- Skin Tag Removals and Minor Dermatology Procedures
- Ear Wax Removal
- Physical Examinations
- Adult Vaccination Program
- Referral Service to Local Specialists
- Podiatry Services
- Osteoporosis Intervention Program
- Physical Therapy Services

Voyager RV Resort is continually growing to fill the needs of it's residents.
