

....From the Crow's Nest

September 19, 2008

My goodness – we are nearing the end of September already – the first issue of the Compass is nearly ready to be printed – Season is upon us!!! Where has the summer gone????

We are all gearing up – but then we have been all summer long! As we continue to learn our new computer system, we welcome you to come in with questions on your statements. This is a learning process for us all!

Bay Residents – Linda Needham is now doing all of the billing in the new system for The Bay. If you have any questions about your statement, please call 574-5362 (or in the park, or course just 5362) and Linda will be glad to help you.

As many of you have probably already discovered, the indoor pool has re-opened. Thank you for your patience.

Work will begin this week on the polopa roof over the large hot tub! Maintenance will be draining the hot tub on Tuesday, and it will be closed for the duration of this project.

The results of the children's visitation survey are in! The majority of the surveys returned voted to change the visitation to the following:

- We will have open visitation year round (limited to 14 days per child during October – April)
- Facility usage will be available with time restrictions and resident or parent supervision
- Residents and or parent may walk with children to Office, Market or Restaurant

For the present time, please observe the times and rules for usage of facilities as posted in the Voyager Rules and Regulations, while we revisit this. You will be notified of any changes in the facility usage schedules. We thank all of those who took part in the survey, and for those who sent in their extra comments and letters.

Please take care of your weeds! These monsoons really make them grow!

Joe Boyd
General Manager

Sue Fuller
Assistant General Manager
